## Walked Away With Baldwin

Methodist Town's Team Did  
Not Get a Look In, 19  
to 0 For C. H. S.

Coach Merrill and his fighting eleven invaded Baldwin Saturday and in a sharply contested battle won by a score of nineteen to nothing. This is the only second time this season that Baldwin has been scored on, and they felt pretty badly over their defeat. Chanut's team had the necessary "pep" to go right through Baldwin's defense and had to punt but twice in the whole game to make their gains.

Gray made a touchdown and then Buck Clarke with a spectacular forty-five yard run carried the ball within a foot of the line. Shorpy Barnes was then sent over the line with it. Barnes also made another touchdown and kicked goal once out of the three tries.

In the beginning of the season Chanut was defeated by Parsons, and later defeated Parsons on the Chanut field. A third game has been arranged with Parsons to be played on the Parsons field next Friday. Burlington has been challenged for a post season game. The boys feel that they have hit their stride and that another game with Burlington would not tell the same story that was told in the game of three weeks ago.

The line up for the game Saturday was center, Bowers; left guard, Coats; left tackle, Hamilton; left end, C. Foote; right guard, Owens; right tackle, Jones; right end, Hemphill, relieved in the fourth quarter by Boone; right half, Gray; left half, H. Foote; full, Clark; quarter back, Welch and Barnes.

## TROUBLE IN LITTLE MEXICO

Saturday night a few Mexicans got mixed up in a little scrap that ended up with one Mexican being missing three fingers from a revolver shot and another had his back badly slashed with a knife.

Neighbors say that part of town near Fourteenth street, where several Mexicans are living, excitement always runs high for a few days after pay day, as the Mexicans are strong for the gambling proposition. The quarrel Saturday night is the probable result of a gambling deal in which the revolver and the knife played leading parts.

## SUCCESSFUL HUNTERS

Harry Williams, John Slack, Clyde Finch, Clyde Rheinhardt and Ellis Reser spent the day Sunday hunting near Shaw. They were quite successful at least as far variety is concerned, getting a number of quail, seventeen squirrels, several rabbits, half dozen crows and an eagle. Their eagle fell in the river when shot, and the hunters did not get to bring their prize home along with their other game.

## ENTERTAINED

Mrs. C. T. Beatty entertained a few friends on last Saturday afternoon to meet Mrs. Edward Putman of Winfield who was her guest for the day and evening. Mrs. S. G. Isett, Mrs. J. L. Barnes, Mrs. C. A. Cox, Mrs. Luther Cone, Mrs. B. F. Shinn and Mrs. J. P. Shepard were the other guests. Bridge and other games were the diversion. Mrs. Putman left in the evening for Thayer to be the guest of Mrs. S. W. Brewster over Sunday.

Isn't it funny that at a theatre every lady removes her hat as a matter of course, and at the churches the ministers have to harp on the subject every service to get them removed?

## RAIDED THE RICKEL FLATS

J. H. Rickel was arrested about ten o'clock Saturday evening for breaking the prohibitory law. The Rickel flats at 318 East Main were raided by the police under Chief Grady and considerable beer and whiskey were found. The goods were taken in custody by Grady who is deputy sheriff of the county.

Mr. Rickel claims that he had a bottle of whiskey and some beer which he had for his own use and which he has been using under a doctors prescription. He states that the empties which were found by the police were purchased for the Owls lodge.

## CORNHUSKERS WIN 14 TO 3

In a brilliantly fought battle Saturday the Jayhawkers lost to the Cornhuskers 14 to 3.

Kansas is reported to have played a wonderful game with odds both in weight and condition of men against them. No score was made in the first half. The Kansas kicked a pretty field goal. It looked almost as if it were a K. U. victory until the captain of the Nebraskans made a sensational seventy-five yard run for a touch down. This performance was practically repeated by another. Cornhusker and K. U.'s hopes were busted.

Children who have worms are pale, cross, fretful and sickly most of the time. To rid the little body of these parasites White's Cream Vermifuge is an approved remedy. When the worms have been driven out the child grows strong, healthy and robust. Price 25c per bottle. Sold by Legitimate Drug Co.

## UNCLE A DEMOCRAT AT 94

Fourteen Democrats, all more than 70 years old, voted in one precinct of Callaway County at the recent election. The dean of the crowd was Capt. R. M. Berry, 94 years old and the youngest member was S. P. McDonald, who is 72. One man 84 years old rode eight miles on horseback in the rain to vote. They grow hardy men in Callaway County.

## MISSOURI SAVING FOR SATURDAY

Missouri walking away with Washington's foot ball team Saturday in the first half to the tune of 33 to 0. Coaches, feeling the need of a good strong team to oppose Kansas took out seven of the regular players. From that point on the game was a more even one, neither side being able to score.

Mr. and Mrs. M. F. Thorn of Attoona are spending a few days with Mr. and Mrs. J. J. Taylor in their way home from a visit in Columbus.

## Boosting Chanut With a Banquet

December 9th is the Big Date--  
Business Organizations Join  
in banquet for two Hundred

Two hundred persons will probably be present at the banquet of the Boosters for Chanut Monday night, December 9th. At this time the commercial club and Business Men's Association join to give a banquet that will be the biggest known to Chanut. The Chanut Boosters and members of the Automobile club are given special invitations to attend as well as members of the business organizations.

The banquet will be a three or four course one served at the Manhattan Hotel. H. P. Farrelly was chosen toast master by the committee. There will be a number of good after dinner speakers. Ralph Faxon of Wichita of the Kansas Development Association and John Madden, M. K. & T. Attorney at Parsons will be two of the speakers. Geo. H. Hodges has also been asked to come, but no reply has been received as yet from the invitation.

The general scheme of the banquet is "Boost Chanut." At this time all of the different business firms or organizations of the town will be represented.

## TIME FOR HEARING OBJECTIONS

Saturday, November 30th, was the time of hearing of objections to the report of the appraisers for the paving of South Highland avenue from Tenth street to Fourteenth street. This property was appraised Saturday by S. E. Beach, F. M. Abbott and John R. Tye. They have valued the average sized lot of fifty feet at prices according to location and selling value from four hundred to five hundred dollars.

Miss Mary Hamilton returned Tuesday from Oregon where she has been visiting the past two months. Miss Hamilton went to Pendleton to her uncle's ranch for the big fall cattle round up. On her way home she visited in Portland, Seattle, Denver and Newton.

Mr. and Mrs. Thomas Stansberry of Parsons are the guests of Mr. and Mrs. Grant Bond. Mr. Stansberry and Mr. Bond are now taking a few days hunting trip near Vilas.

Mrs. C. B. Clark returned Monday from Coffeyville

## WIFE SEARCHING FOR HUSBAND

A few days ago Chief Grady received a letter from Mrs. John E. Bowes of 10144 East Eighth street, Kansas City in which Mrs. Bowes gave a description of her husband who was missing and asked Chief Grady's assistance in locating her husband, and to notify the police department of the surrounding towns to be on the lookout for him.

It seems that Bowes, who is a Baker by trade, has been worrying over financial troubles and had threatened to take his own life. On last Wednesday he disappeared from home at three o'clock in the afternoon and has not been seen since. Mrs. Bowes is advertising in the Kansas City papers, writing to many of the police headquarters in the State and using every effort to locate her husband.

The description of him was of a rather stout man, 57 years old, five feet 4 inches in height, of rather sandy complexion and his mustache is streaked with gray.

## HEALTH AND FIRE DEPARTMENT REPORTS

City Health Officer W. E. Royster, reported at the Cabinet meeting of city officials Wednesday that there were four cases of typhoid fever within the city limits. He also reported that at every place where there was a case of typhoid, and the water had been analyzed the water had been found to be polluted to such manner as to induce typhoid fever. There has been a contagion of mumps and a few cases of diphtheria and scarlet fever also. As a rule however, the general health of the town is at a high standard.

S. O. Mitchell, Chief of the Fire Department reported everything running smoothly. Four fire calls in the month have been turned in and only one fire of any consequence. However, Mr. Mitchell said that in spite of these useless runs they still preferred having the alarms turned in without waiting for the fire to get so far under way that the department could do little or nothing towards saving the property.

## THE YOUTH'S COMPANION WINDOW TRANSPARENCY AND CALENDAR FOR 1913

The publishers of the Youth's Companion will, as always at this season, present to every subscriber whose subscription (\$2.00) is paid for 1913, a beautiful souvenir. This year it takes the unique form of a Window Transparency, to be hung in the window or in front of a decorated lamp. Through it the light shines as through the stained glass of a cathedral window, softly illuminating the design—a figure of autumn laden with fruits; and all around, wreathed in purple clusters of grapes and green foliage, is the circle of the months. It is the most attractive gift ever sent to Companion readers.

## LITTLE MEXICO DEPOPULATED

To a certain extent Little Mexico in the south end of town is being depopulated. One coach load of the Mexicans left on Sunday and two on Monday. They are being transferred from this to a western division of the Santa Fe.

Part of the number are those who always come to Chanut from different points on the divisions at pay day time. Monday the platform of the Santa Fe station was well covered with Mexicans and their household fixtures.

## MISS LULU CROSS TO WED

The approaching marriage of Miss Lulu Cross to Mr. R. H. Collier, of Dallas, Texas, is announced to take place on Thanksgiving Day, November 28th. Several social affairs are being given this week of which Miss Cross will be the guest of honor.

Miss May Elrod of Lamont has returned home after a short visit with her brother E. F. Elrod and her aunt Mrs. A. DeLong.

Mrs. L. R. Sigler has returned to Kansas City after visiting here with Mr. and Mrs. T. P. Cassidy.

## Farmer's Hold Institute at Library

E. S. Myer was Elected  
President--Attention to  
Domestic Science

Monday the Farmers Institute which is an annual feature was held in the Library building. A fair sized crowd was out and a good membership was pledged for next year. At the business meeting E. S. Myer was elected president, G. Schucker vice president and A. G. Nelson secretary and treasurer.

The subject of Mr. Wheeler's address in the afternoon was "Economic Production of Live Stock on the Farm." His subject was well handled and many of the farmers expressed themselves in sympathy with his ideas. "Do we get a dollars' worth of Good Roads for \$1 of Taxes" was talked of by County Assessor C. C. Bowman.

By comparison it would appear that the roads in this vicinity are better in proportion than in other districts. However, it was the general opinion that the way of spending the road money might be improved for the greater good of the community.

Mrs. Simmons, of the State Agricultural College spoke on the subject of "The Daily Diet." Her talk was very interesting and handled in an easy matter of fact manner.

In part Mrs. Simmons said "The appetite is the most natural, and in most cases, the more nearly correct standard to judge good by. The appetite is largely a matter of training and habit, so that no set rules may be prescribed for the amount or kind of food to be consumed by a healthful, normal and mature person.

Penny of food properly balanced among the starch, fats, sugars and other varieties of nutritive properties, and well cooked and temptingly is the secret of good health.

Earlier in the afternoon Mrs. Simmons gave a short talk, "Food for the sick." Some of the suggestions given were, to pay attention to the nutritive properties of the food, its digestibility and its appeal to the sense of sight and taste of the patient.

The session adjourned to meet next year at a date similar to this.

## ANTI CUSS CLUB

A number of men in Chanut are already making their New Years resolutions. One of which is that they will belong to the Anti Swearing class. However, it is a noticeable thing that no date is set for the time of their entry in this class. Among the number of men who will be members in this club are well known, lawyer, printer, grain merchant, banker and clothing merchant.

## An Accident

Robert Parrish while at work at the Truitt nurseries was struck in the shoulder by a falling timber. Little attention was paid to the bruise on his shoulder and a few days later a painful abscess formed on the upper part of his arm. The abscess was lanced and is now doing nicely although not nearly well.

Miss Myrtle Sharp of Hutchinson is here visiting C. Sharp and family
